Paris

Bonjour,

here comes your personal **best price offer:**

Giant Wing

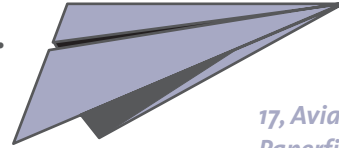

An unbelievable sailplane! It is amazingly robust and can even do aerobatics. But it is best suited to gliding.

This paper arrow can be thrown with big swing. We launched it from the roof of a hotel. It stayed in the air a long time and covered a considerable distance.

Make sure to order quickly at www.kraxi.com since we will soon run out of stock!

Yours sincerely,
Victor Kraxi

Dear Paper Folder,

here's another exciting new paper plane especially for you. We can supply this **best price offer** only for a limited time and in limited quantity. Don't hesitate and order your new plane today!

Super Dart

The super dart can fly giant loops with a radius of 4 or 5 meters and cover very long distances. Its heavy cone point is slightly bowed upwards to get the lift required for loops.

Make sure to order soon at www.kraxi.com!
